CHAPTER 240

NAKABA SUZUKI

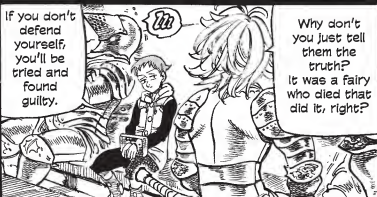

Okay!
Let's take him
to the capital!
We'll let 'em know
we captured
the fairy guilty
of attacking all
those towns.

A
human
like
you
wouldn't
under-
stand.

If you don't
defend
yourself,
you'll be
tried and
found
guilty.

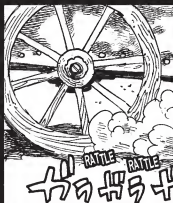

Why don't
you just tell
them the
truth?
It was a fairy
who died that
did it, right?

I make
the
lousiest
king!

I never
realized my best
friend had been
suffering for
500 years...
I forgot all
about my little
sister waiting
for me in the
forest.

I even
broke a
promise
I'd made...
to a girl
who meant
the world
to me...

I always thought kings were just a bunch of dirtbags who did whatever they wanted and killed anyone they didn't like.

...the Fairy King?

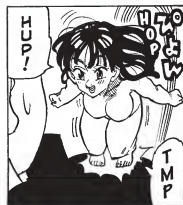

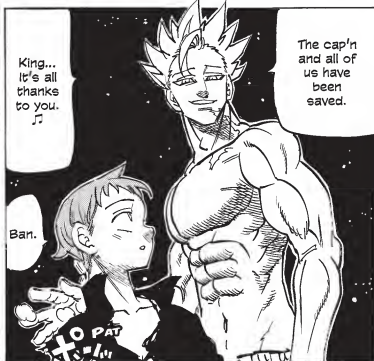

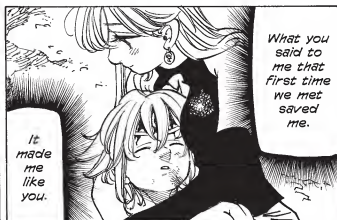

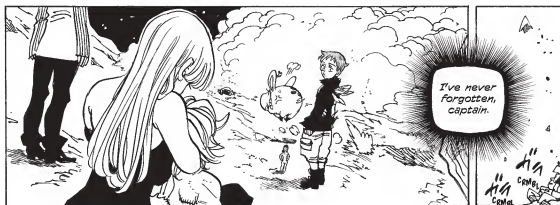

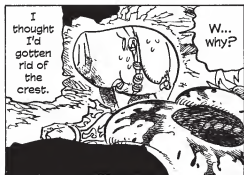

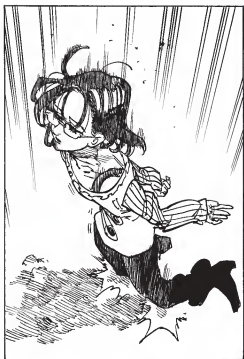

It's good to know there are kings like you around too.

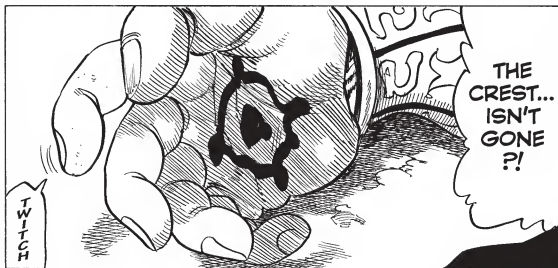

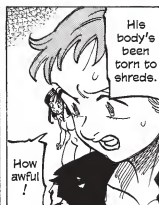

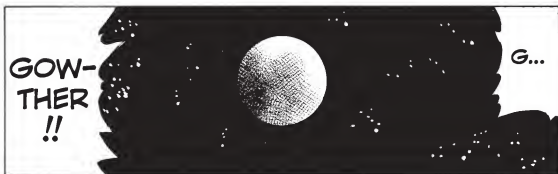

A king who'd shed tears over someone.

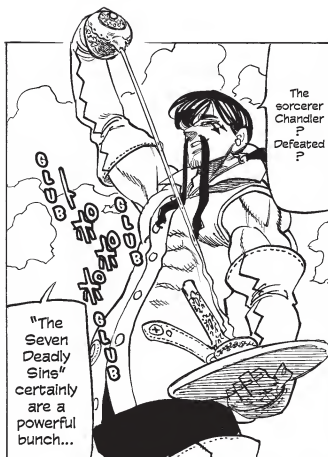

You're a fine king.

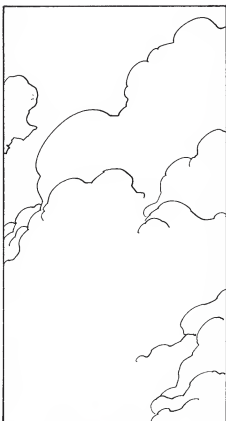

The
sorcerer
Chandler
? Defeated
?

"The
Seven
Deadly
Sins"
certainly
are a
powerful
bunch...

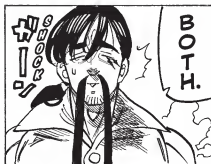

CLINK
CLINK

They should've
just relinquished
Meliodas and
let themselves
be killed.

...but their
strength's
still
incomplete.
It'll prove
fatal for
them in
the end.

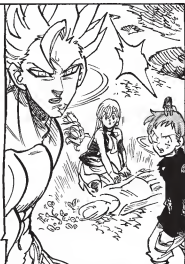

BOTH.

Come now,
Zeldris-sama.
Are you talking
about the tea
I just poured
you? Or is this
in reference to
the situation?

DEPLORABLE.

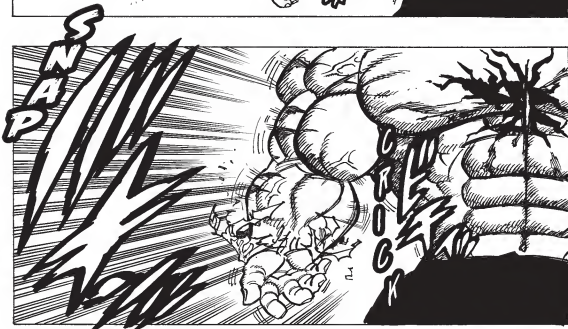

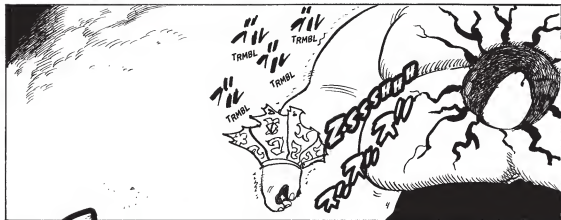

Now
that he
knows he
can't get
his pupil
back, he'll
probably
show
his true
colors.

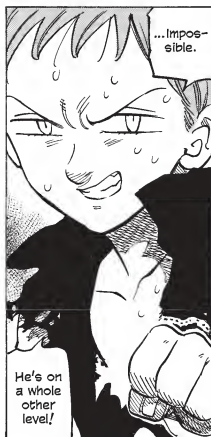

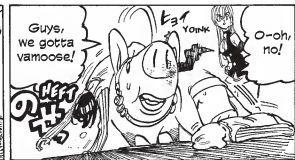

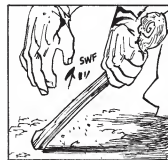

The man
only ever
pretended
to be a
good-
natured
old geezer
who doted
on his pupil
Meliodas.

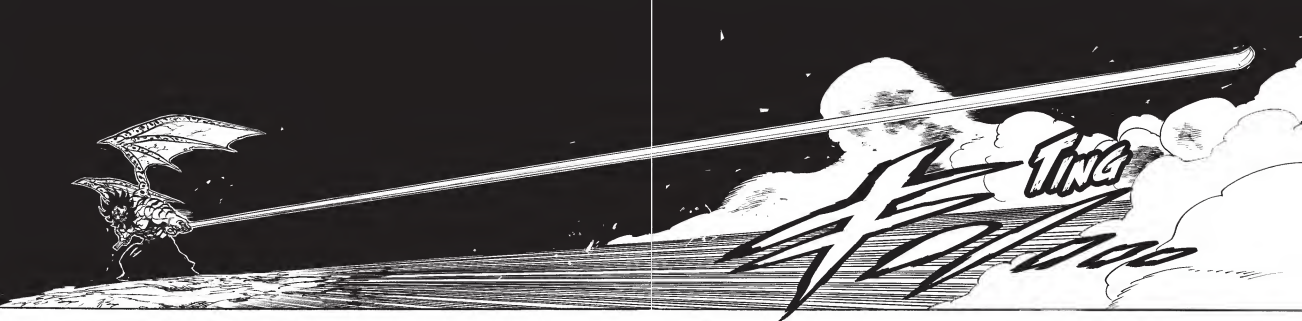

**THEN
NOBODY
WOULD
BE ABLE
TO
HANDLE
HIM.**

YOU'D
ONLY
DRAG
ME
DOWN!
GOT
ANY
BETTER
IDEAS
?!

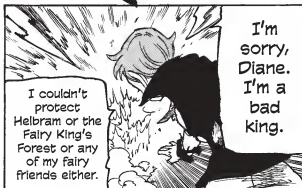

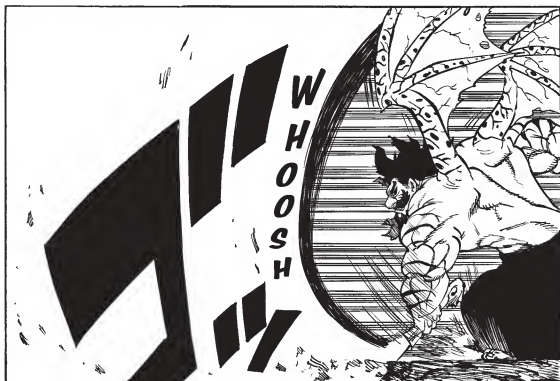

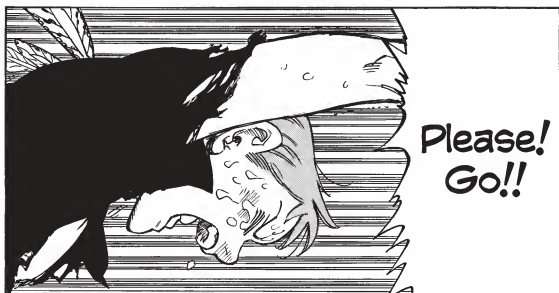

Eliza-
beth-
sama,
take
Plane!

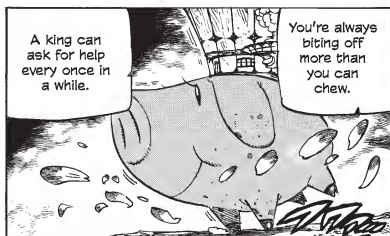

I'LL KEEP
HIM BUSY! BAN!
YOU TAKE THE
CAPTAIN AND GET
OUT OF HERE!!
HURRY! NOW!!

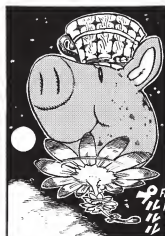

A king can ask for help every once in a while.

You're always biting off more than you can chew.

Float

Britannia's future is in your hands.

"Seven Deadly Sins."

Protect our old friends.

And please take Mellodas and Elizabeth.

We kings of old...

Okay, partner. Let's go.
